NEW FAMILY MEMBER IN TIGERS LSE - "LITTLE TIMMY"

With great pleasure, we introduce to the world our newest family member in the Tigers LSE family. So far, our family consisted of Timmy Tiger, Tina Tiger, Moochie Monkey, Peter Panda, Slither Snake, Garry Gorilla and Peggy Penguin.

Now we introduce:

LITTLE TIMMY, the friend of all students and parents all over the world from 1 year old and up...

Explanation Little Timmy

LITTLE TIMMY is not the son of Timmy or Tina but a little tiger who came from the jungle and was looking for shelter and was introduced into the family of Timmy the Tiger. Timmy the Tiger took LITTLE TIMMY under his protection, and asks all his students and parents around the world to educate LITTLE TIMMY in the same life skills as they are taught by their instructors.

Tiger students become educators and protectors

With LITTLE TIMMY student and pre-student Tigers receive a new role in the Tiger education, that of educators and protectors of LITTLE TIMMY with the same skills they have learned from their instructors during the lessons. This will give them the opportunity to develop life skills and responsibilities at a very young age.

Keeping Little Timmy safe

We have our educational program of Tigers from 2 years and up to almost 7 years old. Originally, we started from 3-6 years old and we created the Mini Tigers from 2 years and up to 4 years old. With this new tool, it is already possible to introduce Timmy at the very young age of 1 year old and up. We educate 1 year old children only with the introduction of LITTLE TIMMY. In the future, the tool of LITTLE TIMMY will be increasingly educational, but at this stage it is solely the introduction of LITTLE TIMMY in order to make young children grow familiar with the Tigers LSE concept through LITTLE TIMMY.

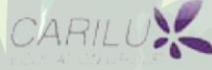

Little Timmy as an educational tool

Little Timmy can be a tool in the educational system of parents, and LITTLE TIMMY is introduced as the child's friend who they have to help to survive. Young children can have responsibilities from a very young age and develop skills through this, and parents can use these responsibilities and skills as a tool. The main goal has to be to educate the child from a very young age to become Tigers who have great life skills according to the Tigers LSE educational system.
